

Simple Steps to Secure Specimens

Need biospecimens for your research? The CHTN can help!

Apply

Visit www.chtn.org to download a CHTN application today!

Tell us what you need!

The CHTN can provide malignant, benign, diseased and uninvolved/normal biospecimens fresh, frozen or fixed! The CHTN customizes procurement based on the individual needs of each investigator. Just tell us what you need to succeed!

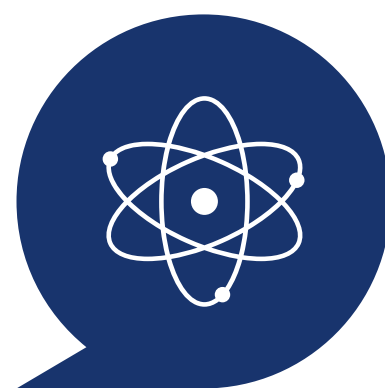

Ready, Set, Ship!

The CHTN divisions work together to serve investigators. Get ready to hear from one of the 6 CHTN divisions ready to fulfill your specimen requests.

Test, Analyze & Publish

Use CHTN specimens to discover, publish and tell the world about it!

Give the CHTN a Shout-Out!

Thank everyone who made it all happen, including the CHTN! We can help with the words, just ask!

Supporting Discoveries Since 1987
