

INTERNATIONAL
CONFERENCE & EXHIBITION

Booth #1549

MGI Tech Co., Ltd. (MGI), a subsidiary of BGI Group, is committed to enabling effective and affordable healthcare tools for all. **As a global leader in Sequencing and Genomics, we develop and produce sequencers and consumables supporting all NGS workflows. Come talk to us to find out more!**

Featured products: Genomic Sample Prep Automation Workstations

MGISP-100

8-16 samples

Fully automated sample library prep system

Customizable workflow

PCR, Laminar flow hood/UV

NIPT/PGS/WGS/WES/RNA and other applications

MGISP-960

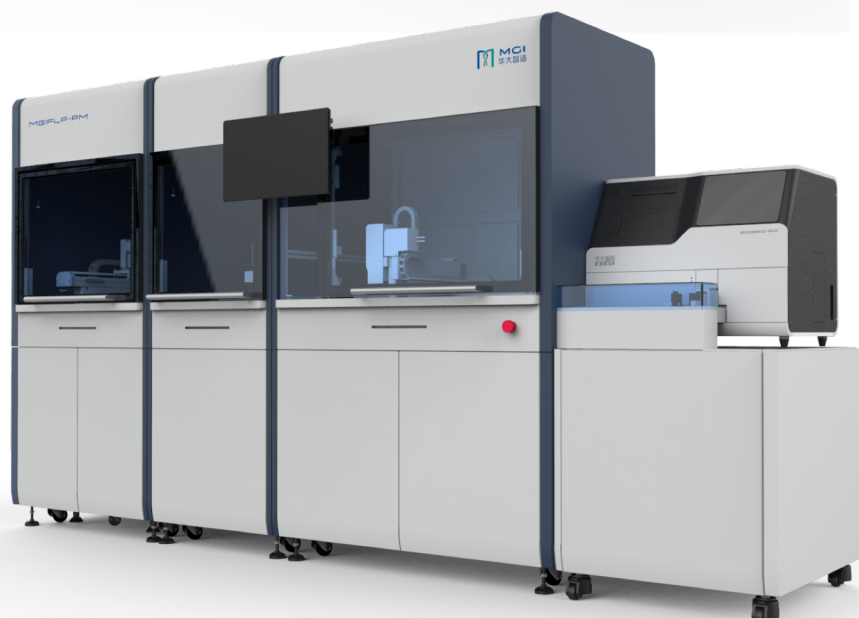

8-96 samples

Fully automated sample library prep system

Customizable workflow

PCR, Laminar flow hood/UV

NIPT/PGS/WGS/WES/RNA and other applications

MGIFLP

8-16 samples

Integrated solution, one stop sample to report

Modular combinations for sample/library
