PAYMENT PORTAL

Easy online payments for your customers

Empower your customers

with the freedom to pay their bills online with **Payment Portal** for Microsoft Dynamics.

What is Payment Portal?

Payment Portal is a flexible, secure online self-service payment platform that lets your customers pay their invoices whenever and wherever they want. Seamless integration with Microsoft Dynamics GP sends credit card, Automated Clearing House/Electronic Funds Transfer and credit memo payments straight to your ERP the second they're processed.

Payment Portal for Microsoft Dynamics GP

✓ 24/7 SELF-SERVICE INVOICE PAYMENT

Customers log in and make their payments online anytime, anywhere, with no support needed from your end.

✓ FLEXIBLE PAYMENT OPTIONS

Customers can make full or partial payments on one or more invoices in the same transaction.

✓ EARLY PAYMENT DISCOUNT TOOLTIP

Payment Portal advises customers of any early payment discounts defined in your ERP with a tooltip on eligible invoices.

✓ PAYMENT CONFIRMATION EMAIL

Send confirmation emails to your customers for all transactions, with a copy to any additional recipients you wish.

✓ ERP INTEGRATION

Real-time communication between your payment solution and your ERP ensures speed and accuracy on every transaction.

✓ PCI SECURITY

The solution is hosted in a PCI Level 1-Certified environment to ensure secure payment for your customers.

✓ FULLY RESPONSIVE

Bills can be viewed and paid from any device.

✓ VERSATILE PAYMENT METHODS

Accepts all major credit cards, ACH/EFT, credit memos, even unapplied prior payments.

✓ ACCOUNT STATEMENT AND TRACKING

View, export and print comprehensive account statements along with a complete list of invoices, payments and credits.

✓ CUSTOMIZABLE DESIGN

Select and customize your payment site's logo and theme to fit your company's branding.

E-COMMERCE READY

Payment Extension and Payment Portal share the same ERP-integrated foundation as our e-commerce solution, expanding the self-service and customer service payment options available to your clients across all channels.

PAYMENT EXTENSION

Credit card processing with Microsoft Dynamics GP

Simplify payment processing

by giving your employees a way to capture secure credit card payments.

What is Payment Extension?

Payment Extension is a PCI-certified credit card transaction service that provides secure credit card processing with Microsoft Dynamics GP. Supporting all transaction types, it allows you to complete transactions right from your ERP's sales document screen, making credit card purchases convenient and secure for your customers and your business.

Payment Extension

for Microsoft Dynamics GP

✓ ERP INTEGRATION

Manage all credit card transactions directly through the sales document window in your ERP.

✓ PRE-AUTHORIZATION UPLIFT

Increase pre-authorizations by small amounts when needed.

✓ ENHANCED CUSTOMER SERVICE

Manage customer payment methods, create transactions, and manage past transactions.

✓ SWIPE PAYMENT CARDS

Connect to a credit card machine and swipe payment cards to add them.

✓ PROCESS TRANSACTIONS ON POSTED INVOICES

Process invoices on transactions even after they have been invoiced. *(Coming soon.)*

✓ PCI SECURITY

All transactions are processed in our PCI Level 1 Certified Environment.

✓ SMART USER INTERFACE

Contextual UI updates in real time as you access different records in your ERP.

✓ SECURE CARD DATA LINK

Email customers a secure link to add card info if they don't want to send it over the phone.

✓ DEPOSIT ON ORDER

Take a deposit out on orders for either a percentage or the full amount of the order.

✓ UPDATE CARD INFORMATION BY EMAIL

Email customers a secure link to modify card info. *(Coming soon.)*

✓ VERSATILE PAYMENT PROCESSING

Works with all major credit cards as well as ACH / EFT bank transfers.

✓ BATCH PROCESSING

Process large volumes of orders quickly and efficiently with batch processing.

✓ EARLY PAYMENT DISCOUNTS

Applies any early payment discounts defined in your ERP.

✓ PAYMENT NOTIFICATION EMAIL

Send a payment notification email with a secure link to make the payment. *(Coming soon.)*

E-COMMERCE READY

Payment Extension and Payment Portal share the same ERP-integrated foundation as our e-commerce solution, expanding the self-service and customer service payment options available to your clients across all channels.
