Over 1900 Companies Globally Trust Binary Stream - Award-Winning ISV

Business in Vancouver: BC's Top 100 Technology Companies; PROFIT 200: List of Canada's Fastest-Growing Companies; CDN Channel Elite: Best Mid-Market Solution Finalist; and Burnaby Board of Trade: Finalist Award for Business of the Year 2018

Binary Stream is an award-winning, Microsoft Gold certified partner that develops enterprise-grade, add-on software to enhance Microsoft Dynamics GP, Microsoft Dynamics 365 for Finance and Operations, and Microsoft Dynamics 365 Business Central. Our scalable solutions simplify complex business processes to save time and money.

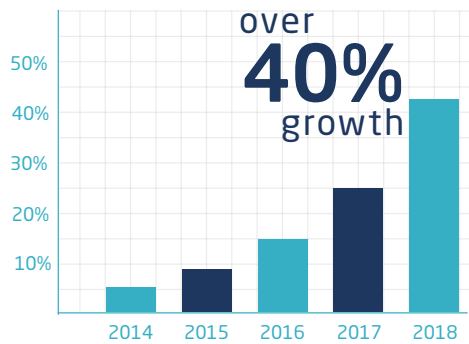

Binary Stream has Microsoft's highest honor of the prestigious President's Club in 2007, 2008, 2009, 2010, 2012, 2014, 2015, and 2016, as well as ISV of the Year Finalist twice for Canada. We are among the Top 5% of Microsoft Dynamics partners worldwide because of our commitment to client success.

Focusing on Healthcare, Real Estate, Professional Services, Manufacturing, Distribution, Financial Services and Telecommunications industry needs, our innovations enhance workflow efficiency and lower the total cost of owning Microsoft Dynamics ERPs.

Channel-centric Extension of Our Partner Organizations

Binary Stream sells its distinct and innovative products through its large network of loyal value-added resellers (VAR channel). Clients range from small, medium, and large organizations across a wide range of industries. From single-user environments to those with hundreds of users in multiple locations, Binary Stream solutions play an integral part of the complete Microsoft Dynamics ERP solution.

Over \$6 million in partner revenues

With a passion for solving complex business problems, Binary Stream is committed to providing exceptional return on investment to our clients and continued business opportunity to our partners. Our year-over-year growth and increased revenues for partners is a testament to that commitment.

*All Partners 2014 – 2018 For Binary Stream ISV Solutions Only.
Additional Partner Revenues From Microsoft Not Included.*

Over 1900 small, medium and large enterprises rely on Binary Stream's Dynamics ISV solutions to extend their ERPs.

By developing entirely in Microsoft technologies, such as Dexterity, eConnect, DMF, .NET, AL, Web Services, and Azure ML and Functions, Binary Stream creates innovations combining the same look and feel you are familiar with – with added performance and security you can trust. Our software development teams work in an agile framework for our Microsoft Dynamics add-ons. This enables us to deliver product releases regularly with iterative improvements.
