Suite of
**PAYMENTS
TECHNOLOGY
SERVICES**

ChargeLogic CONNECT

Securely accept payments and orders on your e-commerce site with the only PCI-validated credit card solution for Microsoft Dynamics NAV, plus have the data flow into NAV, all with ChargeLogic Connect. Businesses that don't have e-commerce sites can also benefit from Connect with services like tokenization and Click-to-Pay Invoicing.

ChargeLogic NOTIFY

Increase customer satisfaction and drive business with customizable, targeted emails directly from Microsoft Dynamics with ChargeLogic Notify. Using a powerful template system and business rules, you'll be able to create personalized content and custom designs in an email format.

ChargeLogic PAYMENTS

Secure payments made easy with the leading PCI-validated solution built inside Microsoft Dynamics. ChargeLogic provides a secure, turnkey solution for accepting payments in Dynamics for phone and mail orders, retail, and e-commerce. Our approach to easy, secure, and reliable payment processing helps you stay focused on your business.

ChargeLogic RETAIL

Everything you need at the point of sale, inside Microsoft Dynamics NAV. ChargeLogic Retail provides a robust POS application, including a customizable interface with access to customer data, reporting, inventory, and more. Leverage ChargeLogic's solutions to accept payments from all of your sales channels—back office, e-commerce, and POS—and manage that data from Dynamics NAV.

ChargeLogic RETAIL EXPRESS

ChargeLogic Retail Express provides an easy-to-use point of sale application with integrated payment processing and access to all of your data in Dynamics 365 Business Central. Accept payments from all of your sales channels with ChargeLogic.

ChargeLogic SHIPPING

Get accurate shipping rate quotes with the most intelligent, integrated shipping solution for Microsoft Dynamics. ChargeLogic shipping incorporates all the key functionality needed for packing and shipping, while providing accurate rate quotes, potentially saving you time and thousands of dollars in credit card processing fees.
