Accelerate your Digital Transformation

1Staff platform delivers a flexible cloud-based or on-premise back office solution that transforms your Microsoft Dynamics GP into an integrated platform built to handle the payroll, invoicing and accounting needs of contract and direct hire placements.

“Putting 1Staff’s payroll and invoicing functionality directly in our Microsoft Dynamics GP accounting software means that our accounting staff will have minimal work reconciling between systems and will have the information they need to do their jobs without working in multiple systems.”
