

Fundamentally Change What You Can Achieve With Your ERP System

As your full-service partner, we achieve success by providing solutions that meet your unique technology needs and outperform your ROI objectives. Western Computer becomes an extension of your business by providing a dedicated Account Manager for breakthrough customer service.

Microsoft Dynamics **AX**

An ERP system that was designed to manage the complexities of global organizations across multiple sites, Dynamics AX allows you to centralize and standardize processes, collaborate effectively across your organization and build more profitable partnerships.

Microsoft Dynamics **NAV**

Developed specifically for small to mid-size companies looking for a single ERP solution that can be implemented rapidly, customized and maintained with minimal disruption. With over 90,000 customers worldwide, it is one of the most popular ERP systems in the world.

Microsoft Dynamics **365**

Microsoft Dynamics 365 unifies CRM and ERP capabilities into applications that work seamlessly together across all areas of business. Dynamics 365 allows you to start with the application you need and add capabilities as your business needs grow.

Integrated tools from our certified Microsoft Dynamics ISV partners

Keep a Trusted Advisor in Your Back Pocket

Western Computer goes beyond your software needs and adds business knowledge that helps propel companies to the next level. Our resources have stellar credentials: CPAs, APICS Certified, and comprehensive expertise and certifications in Microsoft Dynamics 365, AX, NAV, and CRM.

A Refreshing Approach to Customer Satisfaction

You will notice something unique about Western Computer customers: they're confident they can get answers to their software and business questions. They know Western Computer is a partner with expertise that they can rely on. They talk about what they envision and not about getting blocked by bottlenecks.

Impactful Results that Improve Your Bottom Line

For over 30 years, Western Computer has designed and implemented business solutions that work well for a wide array of industries. Over 160 resources across North America provide deep knowledge that is unmatched for Distribution, Manufacturing, Home Building, Rentals & Service Management, and many more.
