

# Thrive on change

Our global talent, leading digital IT services and solutions, and extensive partner network help clients transform digitally and seize opportunities for better business outcomes.

Trusted partner for clients worldwide

Leader in IT solutions for 60+ years

World's leading independent, end-to-end IT services company

## Insurance

We are the No. 1 provider of core insurance solutions serving the broking, carrier and re-insurance markets to enable clients to build stronger customer relationships, launch new digital capabilities and modernize legacy insurance technology. We provide market-leading software, a comprehensive partner ecosystem and an unrivaled insurance business process services capability.

## Healthcare & Lifesciences

We provide industry-leading software, next-gen offerings and business process services to providers, payers, government health and life sciences firms. We focus on digital transformation solutions to improve outcomes for citizens and patients.

## Travel, Transportation and Hospitality

With 40+ years of industry experience, we support mission-critical systems for top airline, consumer travel, freight and logistics, railway and hospitality firms. Our solutions help clients find new sources of revenue, support growth and transform operations.

## Banking and Capital Markets

A leading provider of banking software and front-office managed trading solutions, we support banking and capital markets clients with 30+ years of industry experience, specialized services and resources to make transformation happen.

## Aerospace and Defense

A leading IT services provider to ASD firms, we help clients shorten time to market, gain insight from data and adopt digital technologies to accelerate innovation across manufacturing and supply chains.

## Consumer and Retail

We help the world's leading consumer packaged goods and retail firms focus on consumer experience and help clients seize opportunities in the face of disruptive digital trends.

## Energy, Utilities, Oil & Gas

We've supported more than 400 energy businesses worldwide over 20+ years. Our solutions help clients rapidly seize market opportunities, gain competitive advantage and evolve with new business models.

## Manufacturing and Auto

A leading IT services provider to automotive, aerospace and defense, industrial, high tech and chemical firms, we combine deep expertise in manufacturing, connected products, analytics and security to help clients drive innovation.

## Public Sector

We're one of the world's leading independent IT services providers to government agencies of several nations. We partner with agencies to enhance and create citizen and staff outcomes and provide secure, 24x7 support to mission-critical systems and operations.

## Technology, Media and Telecommunications

We provide innovative business solutions to the world's leading communications, media and entertainment firms to transform their business, redefine the customer experience and capitalize on digital convergence.

## About DXC Eclipse

**Innovative solutions to help you improve finance and operations, deliver greater customer service and drive growth.**

The largest independent **Microsoft Dynamics** partner in the world, DXC Eclipse serves more than 4,000 clients across multiple industries. We are uniquely positioned to deliver Microsoft Dynamics 365, ERP, CRM, business process, analytics and collaboration solutions to enterprise and mid-market clients across the globe.

With a legacy focus on mission-critical applications, **DXC Concerto™ Cloud** provides a best-in-class multi-cloud platform with proven expertise in helping small to mid-size organizations achieve seamless IT and enhance digital transformation.

DXC Eclipse represents one of a select few perennial 5-Star **Oracle® NetSuite** partners in North America, focused on delivering NetSuite's ERP, CRM, e-commerce and PSA unified platform solutions to high-growth organizations in the mid-market.

**DXC.technology**

The power of five technology companies formed into one global practice, the DXC Eclipse practice consists of more than 2,500 dedicated professionals.

Together, we serve more than 4,000 organizations worldwide representing seven high-growth industries.

DXC Eclipse clients benefit from our deep business experience, industry expertise and innovative technology solutions.

We are uniquely positioned to lead digital transformations, creating greater strategic value for our clients, people and partners.

## The DXC difference

### Technology independence

Working with our global partner network, we deliver the best, most proven solutions to de-risk technology investments.

### World-class talent

We are investing to attract and upskill the talent who will lead global business tomorrow.

### Clear and confident vision

We have met the challenges of innovation many times before, and have a clear and confident vision for leading clients on their digital transformation journeys.
