Trusted Cloud Services

For over a decade WatServ has helped small business and large organizations evolve and realize their potential in an ever-changing digital landscape.

We excel in managing complex mission-critical business applications. Leveraging Microsoft's Azure public cloud and WatServ's private cloud infrastructure allows us to deliver a secure, high-performance experience with reliable world-class uptime guarantee.

That is why over 10,000 users connecting from over 60 countries trust WatServ to deliver worry-free managed services for their cloud-hosted solutions.

DIGITAL TRANSFORMATION MADE SIMPLE

CLOUD MIGRATIONS

Move your data and solution to the cloud.

We specialize in customized migration strategies for complex on-premise solutions.

CUSTOM ENGINEERING

Technology keeps evolving, constantly and rapidly.

We provide end-to-end cloud engineering services including cloud strategy, cloud readiness, and roadmap creation for your enterprise solutions.

CYBERSECURITY

Managed Detection and Response.

We detect, isolate and respond to threat attacks in real-time with always-on 24x7 service.

MODERN WORKPLACE

Evolve your Office 365 and SharePoint content management.

We offer smart, intuitive information management that is seamless, non-disruptive, and drives 100% end-user adoption.

WHEN TO CONSIDER WatServ

MODERNIZE // YOU NEED PERFORMANCE

Upgrade Outdated Infrastructure to Best-in-Class Technology

We offer enterprise-grade hosting technology that is optimized to deliver a consistent reliable high-performance application experience.

MONITOR // YOU NEED HIGH RELIABILITY

Reduce Your Business Interruption Risk

Our dedicated support team proactively monitors your application and infrastructure to ensure that your solution is secure and running optimally.

OPERATE // YOU NEED A TRUSTED PARTNER

Fill Your IT Gaps with Experience

We offer superior customer experience, we handle all patch, hot-fix and database management, on-demand updates, and much more.

OPTIMIZE // YOU NEED TO CONSERVE RESOURCES

Eliminate IT Capital and Reduce Operational Expenses

Our monthly fees allow for the flexibility to ramp-up or ramp-down as your business needs change. This prevents you from overpaying for resources you may not require.
