ANGEL R. ROJAS, JR. ♦ CEO ♦ DATA CORPS.

“ ConnectBooster just works. With ConnectBooster, our billing problems went away, and the integration with QuickBooks is almost shocking. With ConnectBooster’s help, we are able to collect over \$12,000 per month in outstanding A/R. ”

CHAD LAUTERBACH ♦ CEO ♦ BE STRUCTURED TECHNOLOGY GROUP, INC

“ ConnectBooster just works. Using ConnectBooster’s solution has allowed my IT business to actually collect on my accounts receivables, instead of having outstanding A/R. As any business owner knows, without the ability to collect payments from clients, you can’t add revenue to your bottom line. ConnectBooster is something every MSP needs. ”

SCOTT SPIRO ♦ OWNER ♦ COMPUTER SOLUTIONS GROUP

“ We spent over eight hours per month manually processing invoices and credit card payments, and our invoicing prior to ConnectBooster was a nightmare. With ConnectBooster, monthly billing is driven by our agreements in ConnectWise, and we are not making manual mistakes. So many problems just went away. ”
