Developed using our years of Dynamics consulting and implementation experience, CRGroup Solutions help solve the unique challenges faced by GP users. We help clients **operate more efficiently, increase productivity, simplify processes** and **supercharge** the reach of their GP systems.

Recharge Your Dynamics GP with these Easy-To-Use Add-Ons

- Have you outgrown your current chart of accounts?
- Need to combine multiple companies in Dynamics GP?
- Want to get more from your investment in GP Analytical Accounting?
- Looking to save time & reduce administrative tasks in GP?

WE HAVE AN ADD-ON FOR THAT!

Changer

Change & Merge in a Flash
Quickly & easily change, merge & combine GL accounts, vendor/customer ID's, item, contract or projects #'s to ensure your GP operates at optimal efficiency.

Download your free trial crgroup.com/Changer

AA Tools

Rev-Up Your GP AA Module!
Streamline your chart of accounts by changing, merging, or converting segment values and backfilling transaction dimension codes in scheduled batches.

Download your free trial crgroup.com/AA-tools

Re-Formatter

Revitalize Your Account Framework!
Re-formatter is the only tool available that allows you to re-format your GP account framework after initial setup. Modify sorting sizes and lengths for complete control.

Download your free trial crgroup.com/Re-Formatter

PA Cubes

Beyond Reporting
CRG PA Cubes™ deliver the information contained within your project accounting module in an easy to use drag and drop environment.

Download your free trial crgroup.com/PA-Cubes

Merger Series

Streamline Sales Order Processing
Merge multiple orders from the same customer into ONE prior to shipping & invoicing with CRG Merger™!

Download your free trial crgroup.com/Merger

Company Combiner

Easily Combine Multiple GP Companies into ONE with Company Combiner™

- ✔ Save time & reduce GP maintenance
- ✔ Improve reporting
- ✔ NEVER log in and out of multiple GP companies again

Learn more at crgroup.com/combiner

" *Using company combiner, we were able to consolidate our fifty-four GP databases into one! The change increased daily productivity & reduced our GP maintenance and upgrade time. - CoAdvantage*

Developed using our years of Dynamics consulting and implementation experience, CRGroup Solutions help solve the unique challenges faced by GP users. We help clients **operate more efficiently, increase productivity, simplify processes** and **supercharge** the reach of their GP systems.

About Us:
We brought the original Changer™, Re-Formatter™ and Quick Cubes™ to the Dynamics GP world in the 90's. Since then, our portfolio for all Dynamics users has expanded to include CRG emPerform™; award winning online employee performance management for GP & AX, data automation add-ons for GP and BOARD™, Adaptive Insights™ & Tableau™, collaborative budgeting, costing, and BI solutions for all Dynamics ERP systems.

Let us help you supercharge your Dynamics GP System!
