STOP BY **BOOTH #725** TO SEE ACCOUNTING AUTOMATION IN ACTION!
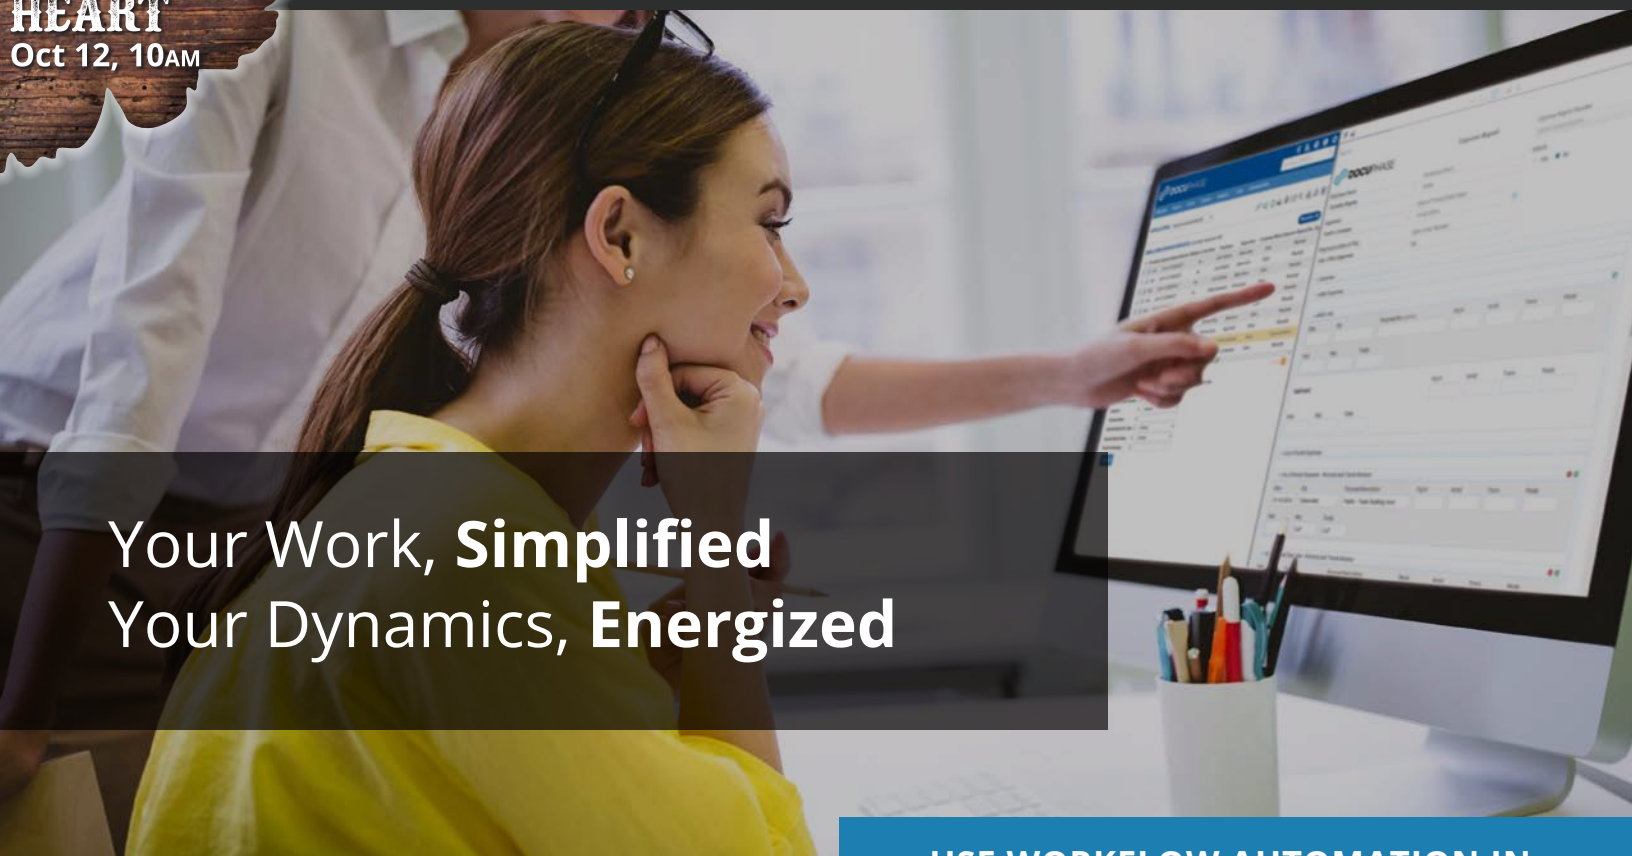

Your Work, **Simplified**
Your Dynamics, **Energized**

With Robotic Process Automation, it's easy to integrate DocuPhase with Microsoft Dynamics to get more done with each keystroke and mouse click.

Robotic Process Automation (RPA) is the application of workflow automation software to the processes you deal with every day. Automate tasks and free up your time, so you can focus on more important things – like your customers!

Jeremy Slaughter
VP Corporate Finance
The CORE Group, Inc

If your Accounts Payable department is still relying on manual processes, y'all best believe it's time for a change. As it is, we reckon your accounting team spends a ton of time looking for information, routing documents, and then filing until the cows come home. With Robotic Accounting Automation, you can get more work done with less effort and frustration. Want to learn how? Hold your horses - we're fixin' to show you!
