

### **Bioanalytical Services**

BioQual Solutions offers a full range of bioanalytical services for drug discovery and development.

### **Bioanalytical Method Development and Validation**

Provision of a suitable bioanalytical method is an essential prerequisite for any pharmacokinetic study. LC-MS-MS methods can be developed extremely rapidly for discovery support, while further development and refinement required prior to formal validation.

### **Clinical and Preclinical Bioanalysis**

- State-of-the-art LC-MS-MS instrumentation
- Rapid turnaround bioanalysis for Phase I Clinical Studies
- Fast method development for discovery support

## **Who We Are**

### **About Us**

Expertise @ BioQual Solutions

The reliability of our clients and partner projects results and their worldwide acceptability is guaranteed by high quality certification by Regulatory Agencies for Good Laboratory Practices (GLP).
