

Our mission: To serve those who serve the sick and suffering by providing excellent tools and services.

Powerful Software

"The EHR is very customizable and easy to use. There are many options for automating routine functions within our work flow. TriMed has implemented many "feature requests" that we have submitted over the many years we have been using the system - they really listen."

Steven Mumbauer, MD
Valley Pediatric Group, PLC

Unrivaled Support

"We particularly like that we can customize templates; the process is very easy. This system is a gem, and the best element is that the customer service is truly exceptional."

Skyler McCurley, MD
F. Read Hopkins Pediatric Associates

Lasting Partnerships

"The customer service is absolutely superb! The system is easy to learn, very functional and supported by an amazing team of professionals. We looked at many systems and none were as pediatric oriented as TriMed can be and we will not be looking for another system!"

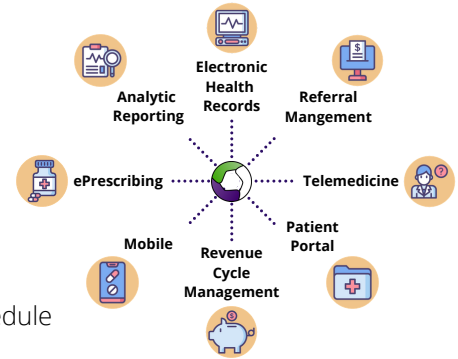

Sharon Keller, Practice Admin
Childrens Medical Associates of Northern Virginia

Masters in Pediatric workflow

TriMed offers a complete Pediatric software suite which includes Electronic Health Records, Revenue Cycle Management, Patient Portal, Mobile, Check-in Module, and Telemedicine. Our products are fully integrated, so all modules seamlessly work together for your practice. Extremely robust. Very customizable. Template driven. Our Pediatric software will work for you.

- ✓ Pediatric template library
- ✓ CDC/WHO growth charts
- ✓ Family charting
- ✓ ONC certified
- ✓ Real time eligibility check
- ✓ CDC vaccine catch-up schedule

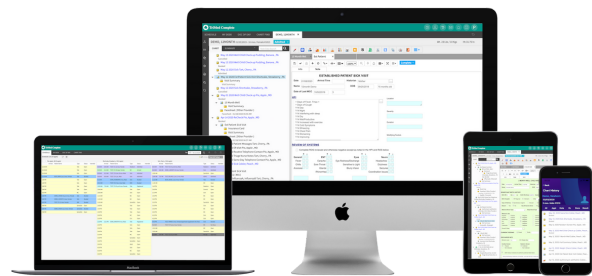

Any practice size

TriMed serves independent Pediatric practices across the United States, ranging in size from 1 provider to 350+ providers. No matter your practice size, we want to serve you!

Powered by the latest technology

Built on the latest software architecture, TriMed's software offers real time data replication and storage across multiple physical locations. You may securely access full patient records from anywhere, anytime with no advanced setup needed.

Real people. Exceptional support.

Experience support like never before. Our US based support team is always available and ready to help. Contact us by phone or email with any questions you may have. You'll speak with a live representative that knows you and your practice by name; that's what our clients love about us. We serve those who serve others.
