

Visit us at MLA's First Virtual Conference

It's our pleasure to support healthcare librarians learning virtually!

We empower medical libraries and healthcare librarians with library automation and knowledge management systems including SydneyEnterprise, GeniePlus, and Inmagic Presto.

Enjoy live product demonstrations and see how our ILS and KM solutions can support your medical library!

Download your free copy of *"Succeeding in the World of Special Librarianship"*, a Lucidea Press title authored by librarian, consultant and blogger Stephen Abram.

Visit Lucidea's Virtual Exhibit Booth August 10th-13th

- Enjoy live video chat and demos with our product experts
- Enter to win an iPad (winner announced on August 13th)
- Ask about our "Stress-Free Summer" Incentive Program
