

PHARMACY ACADEMIC SOLUTIONS

ENHANCE YOUR SCHOOL OF PHARMACY'S CURRICULUM, GET TOOLS TO SIMPLIFY TEACHING MEDICAL LITERATURE EVALUATION, PROVIDE FACULTY CE, AND ASSIGN AND TRACK TRAINING COMPLETION

WHAT WE DO: Support curriculum with timely, in-depth recommendations for emerging trends
Help you teach students an evidence-based approach to research evaluation
Provide comprehensive e-learning and training, including CE and live webinars

PHARMACIST'S LETTER

Cutting-edge medication advisory resources, evidence-based recommendations, and e-learning tools, including companion training offerings for students and CE offerings for faculty. Plus, a complete Learning Management Portal to assign and track course completion.

NATURAL MEDICINES

The world's largest natural medicine database, evidence-based natural and alternative medicines advisory resources, and e-learning tools, including additional CE for faculty.

PL JOURNAL CLUB

Timely, topic-specific faculty keys and student worksheets to supplement your curriculum and facilitate students' evaluation and analysis of the current medication therapy literature.

pharmacist's letter

The leading information source for pharmacists on drug therapy and medication management, including evidence-based recommendations and advisory resources.

natural medicines

Authoritative resource on alternative and integrative therapies, with evidence-based monographs, commercial product ratings, and tools.

CONTINUING EDUCATION

Robust library of CE courses for faculty (all viewable as training for students) including monthly quizzes with each *Pharmacist's Letter* issue, plus topic-specific courses to meet state and national CE requirements. Available in multiple formats: quizzes in monthly issues, homestudy text courses, and live and archived webinars.

PL JOURNAL CLUB

Each monthly package includes Leader Notes (answer key) and Participant Notes (study guide) for a current medication therapy literature topic. Faculty can assign completion of Participant Notes, then use Leader Notes to guide discussion.

LEARNING MANAGEMENT PORTAL

Upload class rosters, then choose *Pharmacist's Letter* CE/training courses to assign and track, or upload and track completion of other course material.

IMMUNIZATION CE

Additional CE package for immunizing pharmacists, including all the CE needed to meet state immunization requirements.

PHARMACY ACADEMIC BUNDLES

Simplify how your College of Pharmacy gets access with scalable pricing for tiered product packages, configured for use by students, faculty, and preceptors.

Elevate your pharmacy school's subscription when you upgrade to a **Plus** or **Premium** Bundle!
