# MASSACHUSETTS OFFSHORE WIND HUB

[www.masscec.com/offshore-wind](http://www.masscec.com/offshore-wind)

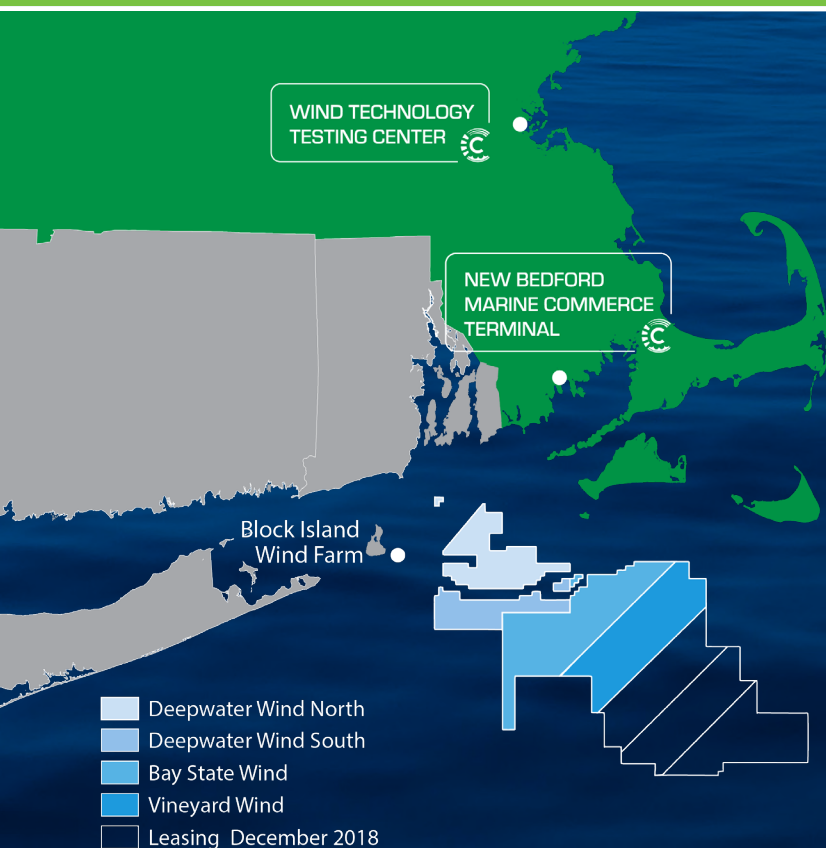

# Make your home in the hub of offshore wind!

MassCEC is the state's clean energy economic development organization. **Contact us to leverage our experience and connections.**

## NATIONAL LEADER

## FIRST STATE

WITH A MANDATE FOR 1,600 MW in offshore wind, up to **3,200 MW** in total.

## LARGEST

OFFSHORE WIND AREA IN U.S., informed by a decade of stakeholder engagement, wildlife surveys, and metocean data collection.

## SEVEN

DESIGNATED LEASE AREAS with potential for more than **10 GW** of renewable wind energy to serve regional markets.

## 800 MW

VINEYARD WIND PROJECT, with more to come in the state and in the region.

## INFRASTRUCTURE

### New Bedford Marine Commerce Terminal

First-in-the-nation heavy-lift facility specifically designed for the staging, assembly, and deployment of offshore wind components, located in New Bedford Harbor.

### Wind Technology Testing Center

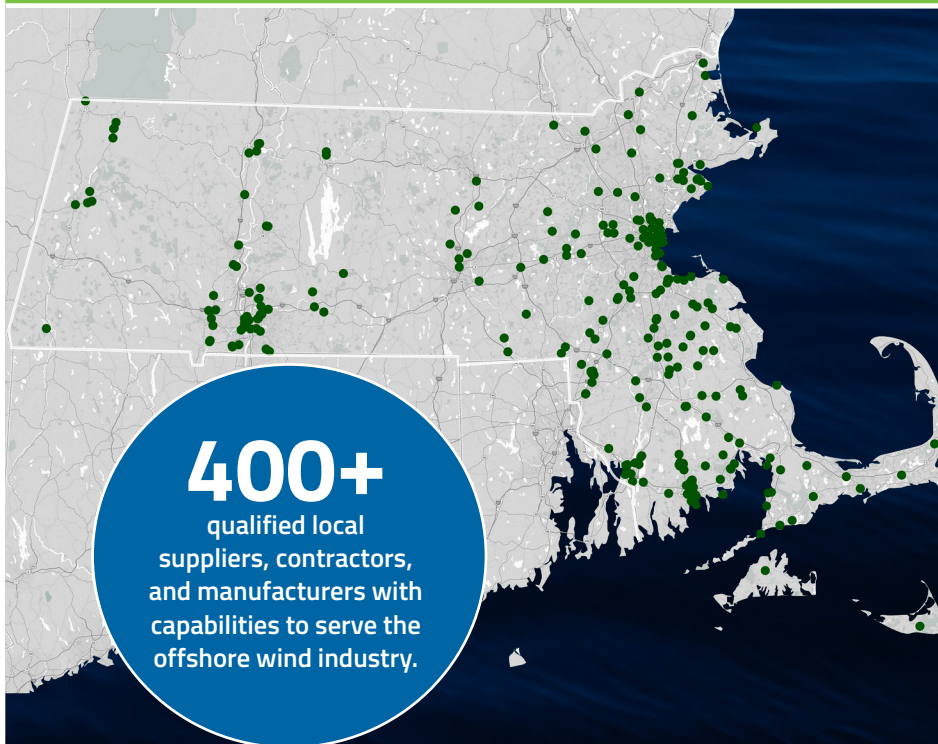

The largest independent indoor blade testing facility in North America, located on Boston's deepwater port.

### Ports and Infrastructure Assessment

Detailed assessment of **19 prime waterfront properties** to support the staging of turbine components and foundations, manufacturing, and operations and maintenance activities.

## SUPPLY CHAIN, WORKFORCE AND INNOVATION

Experienced manufacturing and professional marine workforce.

World-class academic institutions launching training programs and powering innovation.

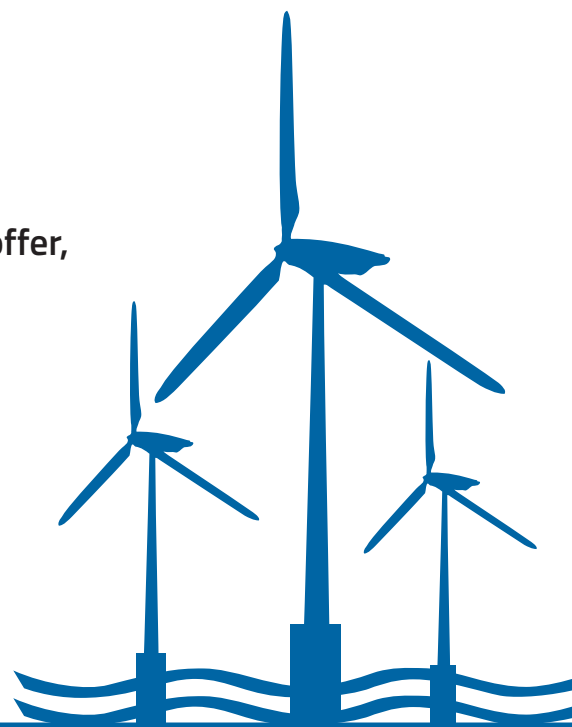

Tailored support for companies exploring opportunities in Massachusetts, including an annual Offshore Wind Supply Chain Forum.

# Need More Reasons to Come to Massachusetts?

The Commonwealth has a number of financial incentives to offer, including:

- Economic Development Incentive Program
- Pro-Business Tax Structure
- Site Selection Support and Local Tax Credits
- Workforce Development and Training Incentives
- Financing
