5 LEVEL PAIN MANAGEMENT SYSTEM

LEVEL

05

CLINICAL STRENGTH

PAIN RELIEF Ointment

CBD CLINIC LEVEL 05 Pain Relief Ointment is our most powerful maximum strength formula. Camphor (11%) and menthol (16%) are combined at the highest limit for non-prescription topicals. This potent ointment is our most popular product, which is especially designed for intense muscle and joint pains associated with backaches, arthritis, sprains, strains, and bruises. Use the ointment in targeted areas of pain before or after you give a treatment or send your patients home with a jar as part of your after-care plan. LEVEL 05 is a perfect pre and post workout solution for your active patients.

- Safe & Effective Pain Relief
- Dermatologist Tested & Hypoallergenic
- THC-Free CBD

5 LEVEL PAIN MANAGEMENT SYSTEM

LEVEL 04 CLINICAL STRENGTH PAIN RELIEF Ointment

CBD CLINIC LEVEL 04 Pain Relief Ointment targets muscle and joint pain with two naturally-derived analgesics, camphor (5%) and menthol (7%). The extra strength formulation penetrates deeply through the skin to deliver cooling and heating relief directly at the source of discomfort. We've included additional terpenes found in peppermint, tea tree, eucalyptus, and clove oils in order to enhance the cooling effects of the active ingredients. This product is a must-have for anyone who experiences upper back pain or has other severe sore spots.

5 LEVEL PAIN MANAGEMENT SYSTEM

LEVEL 03 CLINICAL STRENGTH PAIN RELIEF Cream

CBD CLINIC LEVEL 03 Pain Relief Cream targets localized sources of discomfort where your patients are experiencing moderate pain. The fast absorbing cream with menthol (4%) penetrates deeply through the top layers of the skin to interrupt the pain signals in the brain. This product is the strongest formula we offer in a cream. It is perfect for your patients who are looking for cooling relief without the waxy residue from an ointment.

LEVEL

02

CLINICAL STRENGTH

PAIN RELIEF Cream

CBD CLINIC LEVEL 02 Pain Relief Cream with camphor (3%) provides temporary relief from minor aches and pains in the muscles and joints. The additional soothing properties of arnica and natural emollients make it a must-have for your patients' medicine cabinets. For uncomfortable, non-debilitating pain; use LEVEL 02 to soothe those nagging pain symptoms and help your patients relieve their physical discomfort. This ointment is a popular choice for soothing bruises, sprains, and strains.

5 LEVEL PAIN MANAGEMENT SYSTEM

LEVEL 01 CLINICAL STRENGTH PAIN RELIEF Cream

CBD CLINIC LEVEL 01 ODOR-FREE Pain Relief Cream numbs away muscle and joint pain with lidocaine (4%). This product targets pain signals directly at the source of discomfort for targeted relief. Use the non-greasy cream where your patients may be experiencing mild pain. This odor-free option is a great solution for patients who are sensitive to strong aromas or counterirritants. Use it in treatment or send patients home with a jar as part of your after-care treatment plan.

PAIN RELIEF Oil

LEVEL 01 DEEP-RUB Pain Relief Oil is an easy introduction to anyone hesitant to try CBD-based massage oils. Offer a complete body treatment with gentle pain relief featuring camphor (3%) and essential oils including clove, eucalyptus, and tea tree to enhance the cooling effect and invigorate the senses. Meanwhile, the naturally-derived emollients including CBD hemp oil, cottonseed, and jojoba seed oil provide vital nutrients to the skin without leaving a sticky residue. This easy-glide formulation is a perfect partner for treating mild pain.

CLINICAL STRENGTH

PAIN RELIEF Oil

Enrich your massage session with a touch of CBD CLINIC LEVEL 03 DEEP-RUB Pain Relief Oil. This moderate strength oil balances the active analgesic menthol (8%) with peppermint essential oil to maximize the cooling effect. These soothing ingredients are bound together with CBD hemp oil, cottonseed, and jojoba seed oil, which provide a double benefit as a skin protectant and as a glide-enhancer. This product is a safe middle ground for anyone seeking strong pain relief, but is not suffering from crippling pain.

CLINICAL STRENGTH

PAIN RELIEF Oil

Unleash the full power of menthol (15%) and camphor (5%) for an intensive treatment with LEVEL 05 DEEP-RUB Pain Relief Oil. These cooling and heating counterirritants depress the cutaneous receptors, which distracts the brain's pain signals for the feeling of lasting relief. CBD hemp oil, jojoba seed, and cottonseed oil lock in the ingredients while also offering a smooth glide. This oil is a perfect partner for a deep tissue massage.

CBD CLINIC™'s Pain Relief Series

Active pharmaceutical ingredients with CBD hemp oil and natural emollients

5 LEVEL PAIN MANAGEMENT SYSTEM

CBD CLINIC™'s revolutionary Pain Relief Series is the first family of non-prescription topical analgesics that combines authorized, over-the-counter pharmaceutical active ingredients along with THC-free CBD. Our products come in a 5 LEVEL Pain Management System that allows you to individually treat all of your patients' pain needs. Each customized formula absorbs quickly to increase flexibility, reduce discomfort and provide powerful and effective relief. CBD CLINIC's Pain Relief Series can help you treat: Simple backaches, arthritis symptoms, strains, sprains, bruises, and sports-related muscle soreness.

This professional series is exclusively available for wholesale to licensed healthcare practitioners in the US only.

5 LEVEL SYSTEM for Customized Pain Management

- Our safe and effective healthcare practitioner's brand offers a 5 LEVEL Pain Relief System for incremental levels of pain.
- From mild, odor-free LEVEL 01 to maximum strength LEVEL 05 pain relief formulas.
- Available in ointments, creams, oils, and solid sticks.

Naturally derived Analgesics for Effective Relief

- CBD CLINIC™ formulations combine highly effective analgesic active ingredients (camphor and menthol) with additional terpenes found in eucalyptus, clove, tea tree, peppermint, and other essential oils to enhance the cooling effect.
- Developed using a proprietary method for naturally derived pharmaceuticals.

CBD & Other Natural Emollients

- Natural emollients including jojoba seed oil, beeswax, shea butter, cottonseed oil, and CBD hemp oil to nourish the skin.
- Does not contain artificial dyes, synthetic fragrances, steroids, parabens or phthalates.

LEVEL 01: Mild, Odor-free | LEVEL 02: Low | LEVEL 03: Moderate
LEVEL 04: Extra Strength | LEVEL 05: Maximum Strength
