INTERNAL MEDICINE FOR VET TECHS MEMBERSHIP

Continuing Education
to Help YOU Succeed

OUR STORY

Tap into our 30+ years experience in veterinary medicine, our VTS's in Small Animal Internal Medicine, and our experience teaching. It's why we say #IMaNerd.

Where other communities are centered around veterinarians, we know what it takes to be great technicians because that is what we strive to do every day. We are for technicians, by technicians.

We eat, sleep, and breathe internal medicine. Internal Medicine For Vet Techs is an extension of our passion and we love helping techs achieve success. It's all we do, and we're not going anywhere!

“

WE HELP YOU BECOME
ROCK STAR TECHS
IN YOUR CLINICS!

”

OUR COMMUNITY

PODCAST

The Internal Medicine For Vet Techs Podcast is released weekly and covers topics in veterinary medicine hosted by two veterinary technicians, Yvonne and Jordan, with their VTS in small animal internal medicine.

Up Your Tech Game with #IMaNerd.

COMMUNITY

The IMFVT Membership is the leading community for veterinary internal medicine technicians and nurses.

It's a membership for technicians by technicians.

And it's packed full of in-depth, practical training and resources on all aspects of growing your career as a veterinary technician or nurse.

PLUS the community support you need to flourish in your profession.
