GENERAL CODE

ICC COMMUNITY DEVELOPMENT SOLUTIONS

Offering a Family of Solutions for all of your content, records and documents, then Implementing Process Automation to make you run more efficiently.

Laserfiche®

Content Management & Process Automation

Laserfiche is the Enterprise Content Management Solution that allows you to improve collaboration, optimize daily tasks, and transforms the way your organization operates.

View an on-demand *Laserfiche 101 webinar*

MUNICITY®

Building & Permitting Software

If you manage permits, inspections, and the schedules of code enforcement officials, then trust ICC Community Development Solutions to streamline and track your information. Our solutions will allow you to get work done faster. With Municity – a single, hosted system – all of your data will be in one place, accessible to many users, and you can coordinate all of your community development services. And can even help Planning and Public Works departments better accomplish their tasks.

Join us for an upcoming Municity webinar on *Thursday, Nov. 19 at 1 pm or Thursday, Dec. 3 at 1 pm.*

Inspected

Remote Virtual Inspections

Following the guidelines provided by the International Code Council for Remote Virtual Inspections, you can confidently and easily incorporate remote inspections efficiently and cost-effectively in your operations.

Join us for a live webinar on *Thursday, Nov. 19 at 2 pm*
or view an on-demand, *recorded webinar anytime.*
