BECOME A PILLAR OF OUR STUDENTS' SUCCESS

PCOM provided the education and resources that drove you to become your very best and helped launch you into your career. One of those resources was the mentorship, knowledge, and connections available to you through alumni. Now is your opportunity to give back to the next generation. By visiting alumni.pcom.edu/pillars, you can volunteer your time to mentor and shape current PCOM students into their very best selves.

WAYS OF VOLUNTEERING

There are many ways to stay involved with PCOM through our Pillars program, including:

- Mentoring students
- Speaking engagements
- Recruiting assistance
- Hosting an event (alumni event, networking event, graduation anniversary)

Help us continue to shape the future of health.
