The Brymill Cry-Ac® Hand Held Liquid Nitrogen Delivery System

Brymill is the world's leading manufacturer of handheld, liquid nitrogen cryosurgery devices used to treat a wide range of common skin lesions.

Our 3 units, available in 500ml, 300ml, and 125ml capacity, provide the ultimate in controlled application of Liquid Nitrogen to the lesion.

The No.1 choice of dermatologists, Brymill offers unsurpassed safety, versatility, and control for precise and effective cryosurgery.

- Fingertip trigger for maximum control and ease of viewing
- Patented Safety Autovent maximizes safety by allowing internal pressure to gradually vent as the cap is unscrewed
- Streamlined relief valve maintains a constant operating pressure to ensure consistent and accurate freezing.
- Polypropylene Cover and Collar insulates the user's hand.
- Stainless steel and brass construction for long life
- Sturdy Delrin base for extra stability

CRY-AC® CRY-AC-3® CRY-BABY®

*A set of 4 Apertures (A, B, C & D), a 1" x 20g Straight Spray and a 3" x 20g Bent Spray are included with each CRY-AC® CRY-AC-3® and CRY-BABY® for more accurate, controlled treatment of lesions of different sizes and types.

(The "C" Aperture will be attached to the Unit)

What Dermatologists Say...

"Brymill hand-held units are an indispensable part of my practice. Because of the sizes and design, they are comfortable to hold and easy to use. They function excellently, without clogging, and seem to last forever. The large selection of accessories available makes it possible for me to treat many types of benign, pre-malignant and malignant lesions. I would recommend these units to any physician interested in performing cryosurgery."

*Emanuel G. Kuflik, M.D., Adult & Child Dermatology Center,
Lakewood, NJ
Author of Cryosurgical Treatment for Skin Cancer*

"CRY-AC® is what dermatologists use every day in their practice.... I especially like Brymill's unit because it is very sturdy and holds up well after years of heavy use. They stand behind their units. Brymill is a company you can trust."

*Gloria F. Graham, M.D., Grahams' Dermatology Services, P.A.,
Winston-Salem, NC Author of cryosurgery chapter in R.
Wheeland's Cutaneous Surgery*

What other Physicians Say...

"Our family practice group has been using Brymill's CRY-AC® for about 15 years. We have achieved superb results with our patients. Brymill has constantly provided us with excellent service and a very personalized touch. I recommend the Brymill system without hesitation."

Neil H. Brooks, M.D., Past President, AAFP, Health Wise Medical Associates, Vernon, CT

"I use my Brymill CRY-AC® 20-30 times per week for treating everything from warts to molluscum to AK's to skin tags. It's incredibly easy to use. I trained my nurse practitioner to use it, and she uses it as often as I do."

Mark Moores, M.D., Webster Family Health Center, Dudley, MA

"Brymill's CRY-AC® is a very physician-friendly device for a busy family practitioner's office. All five doctors in our office use it, and at least one of the five of us uses it daily. The CRY-AC® quickly pays for itself many times over."

H. Andrew Selinger, M.D., Pro Health Physicians Family Medical Group, Bristol, CT
