Healthcare Provider Brochure

Learn more about our free services and observational studies.
Great for sharing with your colleagues.

The brochure is divided into three main sections. The top section, 'Information and Education Resources for you & your patients', lists various resources like medication guides and fact sheets. The middle section, 'Observational Pregnancy Studies', describes the study's purpose and participation requirements. The bottom section, 'Your Trusted Partner in Identifying the Safest Treatment Options during Pregnancy', features a photo of a doctor and a pregnant woman.

Information and Education Resources for you & your patients
MotherToBaby provides FREE evidence-based information on the safety of medications and other exposures during pregnancy and breastfeeding.

QUESTIONS REGARDING
• Infections & vaccines
• Chemical exposures
• Alcohol & recreational drugs
• And more...

Access FREE Patient Services
• Personalized information from a Teratogen Specialist
• Online fact sheets on common exposures

Observational Pregnancy Studies
Help us find answers to how medications affect pregnancy

PATIENT PARTICIPATION INVOLVES
• One to four phone interviews during pregnancy with at least one interview after delivery
• Releasing medical records for their pregnancy and for their baby up to 5 years of age
• May involve a free specialized pediatric exam and neurodevelopmental testing for their child
• No travel or changes to medication use or healthcare routine
