IT SUCCESS STORIES

User PC Onboarding Optimization

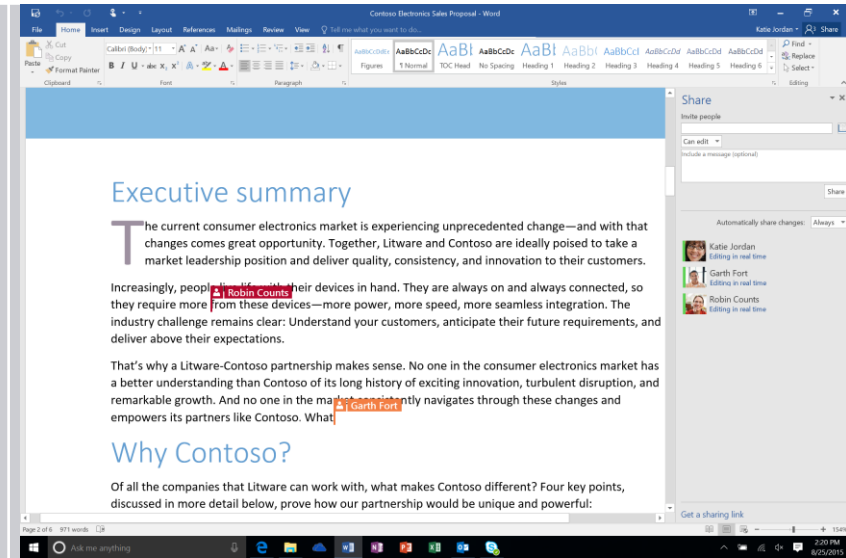

- Took a billion-dollar retailer from a 1-week PC deployment to a 90-minute deployment for new and replacement computers.

Virtual Desktops in the Cloud Empower Work from Home

- Delivered a Virtual Desktop environment hosted in the cloud to empower remote working and power productivity during rapid response.

Co-Authoring

- Delivered powerful collaboration experiences allowing up to 10 people to work on a document at the same time with chat, notifications, and real-time editing.
