

DASHBOARD

Public Health
Performance Management System

The *VMSG Dashboard Public Health Performance Management System* (the “Dashboard”) is a Deming/ PDCA Cycle-based planning, execution, and monitoring system. This secure, cloud-based, multi-user system was designed **with** and **specifically for** public health departments. The system brings together **all** staff and selected community partners to execute all 3 phases of performance management: **1. Operational Planning**, **2. Performance Monitoring** and **3. Performance Improvement (PDCA)**.

The *VMSG Public* feature allows the easy sharing of your successes and promotes transparency to your community, constituents and board via your public website, social media and email.

The automated PHAB accreditation/reaccreditation project plan is designed to help guide any department through the entire accreditation or reaccreditation process.

The screenshot displays two main dashboard views. The left view, titled 'USAPH Dept Dashboard', includes a 'Status Summary' with a traffic light icon showing 1 red, 6 yellow, and 3 green lights, and a 'My Priorities' section with three objectives. The right view, titled 'USA Public Health Performance Indicators', features several charts: a pie chart for 'Community Health Division' with a status of 'CHECK', a gauge for 'Days' at -22, another pie chart for 'Service: Safe Kids USA (SKUSA)' with a status of 'DO', a gauge for 'Days' at 30, and a line graph for 'Service: Safe Kids USA (SKUSA)' showing a goal and activity trend.

Use the Dashboard to manage:

- ◇ Strategic Priorities
- ◇ National or local accreditation
- ◇ Vision, Mission and Values
- ◇ All Operational Plans
- ◇ Automated plan updates
- ◇ Partners and Contacts
- ◇ Organizational Performance
- ◇ Cross-silo Activities
- ◇ Program Abstracts
- ◇ Transparency
- ◇ All related documents

Benefits of the Dashboard:

- ◇ Automated update reminders distribute the workload to get **all** staff and partners involved in planning, execution and organizational success
- ◇ Meets and exceeds PHAB accreditation Standard 9.1: “Use a performance management system to monitor achievement of organizational objectives.” The Dashboard has helped many health departments attain accreditation.
- ◇ Organizes and centralizes all plans & related documents including strategic plan, operational plans, CHIP, CHA, WFD , QI
- ◇ Manages your accreditation and reaccreditation processes and all of the related documents
- ◇ Provides a simple, clear, real-time snapshot of an organization's performance
- ◇ Zero installation required | 100% web-browser based
- ◇ Single, affordable, all-inclusive annual fee to fit any size department’s budget
