

LWW HEALTH LIBRARY

LWW Health Library

LWW Health Library provides a singular access point to clinical and educational content, as well as rich multimedia ancillaries for teaching, learning, and practice. In addition to health science schools and hospitals, these resources are a must-have for related educational, residency, and fellowship programs—ensuring you have the resources you need to effectively support curriculum for your students’ and residents’ foundational learning and clinical practice needs.

Why LWW Health Library?

Key Features of the LWW Health Library:

- **Highly-rated references:** Trusted, core texts from Lippincott, making it a one-stop, digital portal for authoritative content paired with industry-leading functionality
- **Content updates regularly:** As new editions publish, ancillary content acquired as new editions publish, and/or as authors supply clinical, practice-changing updates to their content
- **Advanced semantic search:** Guides users to results displayed by title, chapter, topic, and/or type of resource
- **Responsive design:** Provides ability to easily browse content on your computer, tablet, or smartphone
- **Personal accounts:** Enables users with a FREE personal account to enjoy personalization such as quizzing, saved searches, content alerts, robust printing capability, seamless off-site access, and more
- **Multimedia ancillary content:** Access to videos, images, Q&A, and more
- **NEW! Powerful quizzing engine:** Offers students and residents a chance to personalize their learning
- **Ovid® Insights widget:** Connects students with valuable primary literature with an exclusive Ovid® Insights search widget, which returns targeted results and article previews ideal for journal club activities

Using LWW Health Library:

- **A librarian** purchases LWW Health Library to support faculty’s needs in curriculum development, providing the full breadth of content in medical education and specialty subject areas in a user-friendly platform with invaluable multimedia ancillaries.
- **Students, Residents, and Departments** can access required readings and digital assets to prepare for class, rotations, or procedures—easily jumping to specific chapters, with the ability to print and/or save that chapter to a PDF to read offline later.
- **Instructors** can use the LWW Health Library tools, contents, and digital assets to create customized classroom materials and course packs—with the ability to save images, videos, chapters, and searches as well as disseminate to students.
- **Staff** can use assessments and treatment information to plan care for patients.
