

January 16-18, 2020
MARRIOTT MIAMI BISCAYNE BAY

Miami Valves serves as an essential resource for physicians currently using transcatheter therapies to treat valvular and structural heart disease, as well as for those looking to expand into this practice area. In 2020, Miami Valves will once again provide essential scientific programming, complimented by an exhibit hall showcasing the latest developments in the coronary arena. Miami Valves attracts invasive cardiologists, interventional cardiologists, vascular surgeons and interventional radiologists. In 2019, the Miami Valves conference was pleased to welcome over 300 participants representing 81 academic institutions, 22 states and 11 countries. Don't miss the opportunity to reach this audience of engaged decision makers at Miami Valves.
