

ADVANCING PHARMACEUTICAL SCIENCES, CAREERS, AND COMMUNITY

## **American Association of Pharmaceutical Scientists**

## ABOUT AAPS /

AAPS advances the capacity of pharmaceutical scientists to develop products and therapies that improve global health.

#### Who We Are

AAPS members primarily come from a pharmaceutics, biopharmaceutics, or pharmacy field of study. AAPS members also represent those scientists from complementary disciplines, such as chemistry, biology, engineering, and medicine, involved in the discovery, development, and manufacture of pharmaceutical products and therapies.

## OVERVIEW /

PharmSci 360 features five tracks split equally between chemical and biomolecular drug programming. These 10 subtracks encompass many of the areas making the biggest headlines today. Attendees can focus on one track for a "small meeting" experience, or move across tracks for a multi-discipline event.

THE RESULT? A CAN'T-MISS EVENT WHERE PHARMACEUTICAL SCIENCES, CAREERS, AND COMMUNITY COME TOGETHER LIKE NEVER BEFORE!

everything. Every year, the tracks will be scoped by the track leaders, selecting daily themes that speak to the hottest topics within each track. The biomolecular and chemical drug symposia will be developed with these themes in mind. The 5 themed tracks will provide the scientific depth on the topics that matter most to scientists in those areas of development.

## Who Attends PharmSci 360?

AAPS is first and foremost an organization of pharmaceutical scientists working in every stage of the drug development process. The target audience for PharmSci 360 education sessions includes pharmaceutical scientists who are mid-to-high-level managers and executives in industry, government, and academic settings, and who are actively focused on the latest tools, technologies, strategies, and techniques that can immediately impact their research and advance their work.

THE HUB OF PharmSci 360

# SOLUTION CENTER

The <u>NEW SOLUTION CENTER</u> is the hub of PharmSci 360 activity. This year's Solution Center includes five program-specific neighborhoods that immerse attendees in each of the program tracks. To see how you can capture the attendees' attention for 5 minutes when they visit your booth, see page 9.

**EACH NEIGHBORHOOD contains** track-specific features:

**Exhibiting Partner solutions** 

Partner-hosted education (Chalk Talks in the Learning Lounge)

**Poster Forums** 

**Huddle Rooms** (one-on-one meeting areas)

Other key areas in the Solution Center include:

- NEW! The AAPS Hub for activities and networking
- Partner Presentation rooms
- Career Development Center

NEW! DAILY NON-COMPETE HOURS: 11:00 am-1:30 pm.

#### **SOLUTION CENTER HOURS**

Monday, Nov. 5 8:30 am-5:00 pm Tuesday, Nov. 6 8:30 am-5:00 pm Wednesday, Nov. 7 8:30 am-1:30 pm

**SPONSOR A NEIGHBORHOOD TOUR** to reach your target audience with a five-minute stop at your booth.

Exhibiting at PharmSci 360 gives you unique opportunities to reach your target audience.

 SHOWCASE your latest products and services to thousands of pharmaceutical scientists involved in all phases from preclinical through development and manufacturing.

- INCREASE your market share over your direct competitors.

#### SPONSORSHIP OPPORTUNITIES

#### SCIENTIFIC THOUGHT LEADERSHIP

Partners are invited to sponsor the all-new AAPS Awards Program and to celebrate award recipients. The new program, introduced in 2018, brings attention to, and celebrates, the most impactful science as well as the scientists who serve as role models in the pharmaceutical science community.

The new program recognizes science and scientists in three areas:

- Scientific Contribution and Innovation
- Leadership
- Service

#### **Science & Innovation**

Distinguished Pharmaceutical Scientist (1)
Outstanding Manuscripts (3)
Best Abstracts (top 10%)

#### Leadership

Global Leader (1)
Emerging Leader (1)
Student Chapter Awards (3)

#### **Service**

AAPS Distinguished Service (1)
Pharmaceutical Global Health Award (1)

Partners are invited to contact AAPS about a customized sponsorship of the awards program or celebrations of the recipients.

#### Coffee & Continued Conversation / \$5,000

Sponsor a 30-minute Continued Conversation immediately following a mid-day keynote with the discussion that aligns with your expertise. No slides. Flip charts will be available at your table for your scientific expert and participants to illustrate concepts. Interactive tables will be located immediately outside the session rooms. All 60-minute keynotes end with an all-participant 30-minute break, ensuring an opportunity to chat with participants. Learn more about the <a href="keynotes">keynotes</a> (available May 1, 2018).

#### **Sponsor recognition includes:**

- Sign promotion at room entrance to keynote
- Verbal recognition by organizer at the beginning and end of keynote
- Logo on session on website, app, and print program

#### **AAPS Fellows Awards**

Each year, AAPS elevates a few members to Fellow status in recognition of their professional excellence and sustained superior impact in fields relevant to AAPS' mission to advance the capacity of pharmaceutical scientists to develop products and therapies that improve global health. Partners are invited to contact AAPS about a customized sponsorship of the Fellows program or celebrations of the new Fellows.

#### **AAPS Travelships**

AAPS travelships are provided to student and post-doc authors who have submitted exciting abstracts to AAPS PharmSci 360. AAPS selects the top abstracts from qualified authors through a blind-screening for travelship support. Partners can support the AAPS travelship program with sponsorships starting at \$2,000 and be recognized for their support during the event.

#### MARKETING OPPORTUNITIES

# **Discussion Requirements** for Chalk Talks, Partner Presentations, and Continued Conversations

Position your company as a thought leader and attract qualified leads! Chalk Talks, Partner Presentations, and Continued Conversations are opportunities to lead a discussion with small groups of scientists in a friendly, relaxed environment. PharmSci 360 participants are looking for peer-to-peer dialogue that allows them to articulate the challenges they face at work—you can lead that discussion.

**WARNING:** Product pitching is bad form at these events—plan to have the expert scientists from your team lead a discussion about the science that you undertake.

- Chalk Talks and Continued Conversations: All topics and discussions <u>must</u> be non-proprietary. Promoting a product or service during a scheduled session is unacceptable.
   See "What is proprietary?" to the right.
- AAPS reserves the right to reject any speaker or topic.
- Discussion leaders must complete a submission on <u>AAPS' submission site</u> with planned discussion and speaker information.
- Complete submissions by the specified deadlines.
- If your submission is approved pending, AAPS will work with you to revise the submission to meet AAPS' programming standards and ensure your scientists are seen in the best light by participants.
- Discussion leader must arrive at the assigned area at least
   7 minutes before they are scheduled to lead a discussion.
   Discussion leaders who are late will lose their speaking slot.
- Discussion leaders must end discussions on time. AAPS encourages you to guide your participants to your booth or other available space, or to plan to meet at a later time, if you have captured the attention of your group.
- Discussion leaders are encouraged to distribute their business cards.
- Chalk Talks and Continued Conversations: Non-proprietary handouts that support the discussion may be brought into the discussion area. Handouts may not promote a product or service, but they may bear the company's logo and booth number.

Contact <u>Sara Schwartz</u> if you have a question about a handout. Marketing collateral, including flyers and brochures, may not be brought into the discussion area. Small props to explain a concept are welcome.

# Career Development Center / Recruiter Opportunities

Attention recruiters! The AAPS Career Development Center is a focal point in the PharmSci 360 Solution Center, one that can help you find qualified candidates for a critical position. Participate in the Career Development Center:

- As a Speaker: PharmSci 360 sessions in the Career Development Classroom—respond to the <u>call for topics</u> by April 30
- As a LinkedIn Expert: Take a shift in the LinkedIn Bar, and meet dozens of potential candidates while giving advice on their LinkedIn profiles
- As a Résumé Reviewer: Volunteer to review résumés and be matched with candidates in your field
- As an Interviewer: Reserve a private interview room when you book your booth and meet quietly with your best prospects

### Be ready to make the most of your time at PharmSci 360!

AAPS will open the online job board, available exclusively to meeting attendees, in July. Book your recruiter table in the Career Development Center. Recruiter opportunities available in May 2018. Contact: <u>Kate Hawley</u> or +1.703.248.4785

#### WHAT IS PROPRIETARY?

Speakers, discussion leaders, moderators, and others may not discuss a company's products or services prior to or during an education course or other scheduled discussion. Speakers, discussion leaders, moderators, and others are permitted to discuss a company's products and services once the scheduled discussion is concluded. Materials used to support a session or discussion may bear the company's logo, but they must not promote a particular product or service.
