Travel: By Train – [Metro Link: Forest Park-DeBaliviere Station](#)

- 1) Hello Educators! We welcome you to visit St. Louis Community College – Forest Park and experience how we expand the minds and change the lives of our students every day. Our campus, located in the heart of the city, is just steps away from the world-famous Saint Louis Zoo, Forest Park, and the Saint Louis Science Center. We invite you to visit our campus that specializes in allied health programs, culinary arts, and much more.
- 2) In the heart of St. Louis lies the Forest Park location. Offering 80 different programs to choose from, Forest Park has a diverse faculty and student population attracting students from across the city. Students at the Forest Park campus can find programs in Automotive Technology, Culinary Arts, and Funeral Directing to name a few. Only a few blocks away from the BJC Healthcare complex, many allied health programs are offered at this campus as well, including Nursing, EMS and Dental Hygiene. Training for these programs takes place in the Center for Nursing and Health Sciences, a \$39 million project, built in 2019.
