The International Erosion Control Association Region One was created as a non-profit, professional organization providing education, networking, and research for engineers, government, consultants, construction and related professionals. IECA's purpose is to establish standards of practice and expertise in the fields of erosion control, sediment control and stormwater management.

We are the leading association for the stormwater, erosion and sediment control industry. We help professionals develop their skills and further their careers by providing access to unique and relevant content and exclusive member services. Our members represent over 30 countries and 22 fields of professional practice. IECA's diverse membership supplies a unique network of specialists who are capable of solving a broad range of problems caused by soil erosion, sediment and stormwater.

Conference Overview
The IECA Annual Conference and Expo bring together the brightest and most innovative minds in the erosion and sediment control and stormwater industry. The Annual Conference is the premiere education event to learn the latest updates and advancements in the field and gain insight to critical issues facing the profession. IECA and the Industrial Fabrics Association (IFAI) will co-locate in 2021 to offer a larger exhibit floor and sponsor opportunities!

“The IECA Conference offered an exciting opportunity to acquire the latest information on erosion/sediment control and stormwater industry in just a matter of days. The chance to network with other professionals in the field and see firsthand new technologies in action was invaluable. As busy and every changing as this profession is, this is an event you do not want to miss!”
Clare Lindahl, CEO | Soil and Water Conservation Society
