WELCOME

The American Academy of Orthotists and Prosthetists (AAOP) stands as the foremost center for education, clinical practice resources, and expertise within the orthotics and prosthetics (O&P) industry. We are dedicated to providing the profession with unparalleled resources, continuous educational opportunities, and a strong commitment to advancing clinical research. Our primary objective is to enhance professional expertise and increase awareness across the O&P community.

We invite manufacturers in orthotics and prosthetics to collaborate with us in initiatives that support mutual growth. Engage with us throughout the year and during our Annual Meeting and Scientific Symposium to maximize opportunities for connection and development.

This Media Kit offers an overview of the various engagement opportunities available throughout the year, including during our Annual Meeting. For more information, please visit our **Corporate Engagement** website. All transactions will be processed through your vendor portal, and your cumulative spending for the year will determine your Partnership status with the Academy.

We look forward to collaborating with you to engage the O&P community!

My best,

Kate Feuling

2027 Academy Annual Meeting & Scientific Symposium

LEADING WITH KNOWLEDGE DRIVEN BY CARE

February 10 - 13, 2027 • New Orleans, LA

Where Expertise Meets Impact

A MUST-ATTEND EVENT FOR THE O&P INDUSTRY

Seize the opportunity to exhibit at the must-attend annual event for orthotic and prosthetic professionals! Over four transformative days, you'll connect with a global audience eager to discover the latest advancements in patient care.

As an exhibitor, you'll position your brand at the forefront of the O&P industry, engaging with practitioners, healthcare professionals, researchers, academics, residents, and students in an inspiring and dynamic setting. This is your chance to showcase your cutting-edge breakthroughs and best practices that are shaping the future of the O&P industry.

Join us at the heart of O&P continuing education and community. Don't miss your chance to be a key player in this vibrant event—secure your exhibit space today and help us drive innovation in patient care!

I exhibit at the Annual Meeting for brand awareness, to educate attendees, foster customer relationships, and to drive sales.

ANNUAL MEETING EDUCATIONAL SESSIONS

The Academy is excited to share that more than 60%, nearly 100 sessions, of the Annual Meeting's educational content is delivered by our valued Industry Partners. This unique opportunity allows partners to expand their impact beyond the exhibit hall and engage directly with the Academy's highly involved O&P community through dynamic educational programming.

A range of session formats, time slots, and agenda placements are available to help you meet your specific goals.

All sessions include continuing education units (CEUs) and come fully supported with a complete audiovisual package: projector, screen, laptop, microphone, and podium.

CLINICAL TECHNIQUE

Hosted Thursday & Friday

Clinical Techniques expertly blend lecture and hands-on techniques to provide serious, in-depth programming. Utilize **60 minutes** to inform O&P professionals on new techniques, or to review current methodologies or technologies.

PRODUCT DISPLAY SHOWCASE

Hosted Thursday & Friday

Product Display Showcases provide the opportunity to offer a brief infomercial-style educational showcase in a theater inside the exhibit hall. These are **30-minute** presentations that highlight your company's services and products that are featured during unopposed exhibit times.

TECHNICAL WORKSHOP

Hosted Wednesday

90-Minute Workshop

One-Hour Workshop (2 Pack)*

Technical Workshops are factual presentations that offer new solutions to existing problems. These sessions provide an ideal atmosphere to share your expertise, demonstrate techniques, and provide you with the opportunity to discuss procedures that distinguish your company's products to O&P professionals.

**All one-hour workshops must be purchased in packs of two. You may repeat your content, have two separate topics, or choose to have a Part 1/Part 2 format.*

INNOVATION STAGE*

Hosted Wednesday

Welcome to the epicenter of cutting-edge ideas and pioneering breakthroughs. As an integral part of our Meeting, the Innovation Stage is where innovation enthusiasts, industry leaders, and visionaries gather to explore the limitless possibilities of tomorrow. Give the attendees a front-row seat to witness innovation in action. Help them discover the latest technologies, disruptive business models, and inventive solutions that are reshaping the industry with these **15-minute** mini sessions.

**Two Innovation Stages area allowed per manufacturer. There is one time-slot for these so all Innovation Stages will run concurrently.*

SPEED NETWORKING*

Hosted Thursday – day subject to change

Speed Networking is an interactive event tailored for attendees to explore specific products and services in a small group environment. Participants will engage in pre-scheduled **30-minute** sessions focused on topics they have expressed interest in. Based on these identified interests, the Academy will connect relevant Industry Partners to gather their expertise in those areas. Industry Partners who choose to participate will be assigned to small group discussions, providing attendees with the opportunity to educate them about their products or services.

**Speed Networking will be based on attendee interest. More details to follow as we get closer to the event.*
