

Learning Central

AAPA's learning management system provides access to engaging activities and courses for students and practicing PAs alike. From AAPA's Conference on Demand to our small meetings and JAAPA post tests, Learning Central is the destination for lifelong PA learning.

National Health Priorities

Today, we face numerous health epidemics affecting both body and mind, and the human, economic, and societal costs are real. AAPA, the PA Foundation, and the PA community are committed to working with our partners to improve patient health in four priority areas responsible for many of the life-threatening conditions affecting Americans today: Behavioral and Mental Health, Obesity, Diabetes, and Nutrition. Using our combined resources, expertise, and creativity, we can make a difference.

AAPA's CME Accreditation

AAPA is the only accrediting body of AAPA Category 1 CME. As of 2022, the previous limit of 20 AAPA Category 1 CME for preceptors is no longer in effect. Preceptors may now earn an unlimited number of AAPA Category 1 CME for their precepting efforts from programs accredited by AAPA to provide these CME. Preceptorship CME is earned at a rate of 2 AAPA Category 1 CME credits per PA student per 40-hour week.
