Opportunities available nationwide
for Endodontists!

American Dental Partners' vision is to be the leading business partner to dental group practices in the nation. Our mission is to elevate the practice, profession and delivery of oral healthcare. For 20 years and counting, we've empowered and supported our team members with leading edge technology, professional development, and education to build healthy, enduring community based dental group practices.

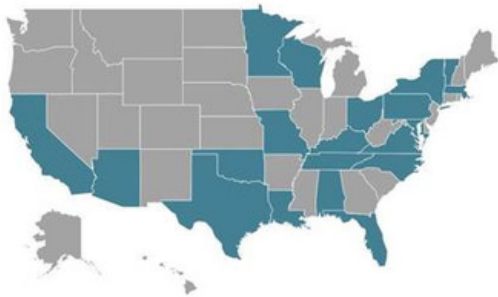

Why Choose a Career with an ADPI Affiliate Group Practice?

We're so glad you asked. Our partnership allows these local, community based practices to have access to industry leading technology, economies of scale, and professional development resources. This means they are able to invest in their employees and focus on great patient care, while we are responsible for keeping their business running smoothly.
