

Will you see *one* ?

For many people with disabilities or who are elderly or medically fragile, dental care is unaffordable. Dental Lifeline Network is looking for dentists who can change that.

“As a dental professional, there is no better way to give back to our community. Volunteer and change a life today. Vulnerable people are waiting for your help.”

*Gordon J. Christensen, DDS, MSD, PhD
Board of Directors, Dental Lifeline Network

You can *change* a life

Dental Lifeline
Network.

WillYouSeeONE.org | 1-888-471-6334

DLN facilitates donated, comprehensive dental treatment to vulnerable people with disabilities, the elderly or those who are medically compromised.

DLN is a charitable affiliate of the American Dental Association.

DLN receives support from and/or the endorsement of many organizations.

You can *change* a life

If you are a dentist or a lab interested in providing charitable care to those in need – we want your help. From clearing up painful dental infections and being able to eat again – volunteering with Dental Lifeline Network will make a life-changing difference.

The Network

As a volunteer, you are part of DLN's national network.

15,000
volunteer dentists

3,500
volunteer laboratories

For more than 30 years, Dental Lifeline Network has:

Transformed the lives of over 120,000 people

Provided nearly \$350M in donated dental care

The Need

More than 12,000 people are on the waitlist.

We need dentists—like you—and their teams to volunteer. Why?

60% of elderly people in the U.S. don't have access to dental care

Most veterans cannot get dental treatment

How To Help

Volunteering with DLN is easy. We handle the details, you provide the care.

1. Sign up at WillYouSeeONE.org
2. DLN matches you with a pre-screened patient
3. You review the patient case and you decide if it's a good match

Patient comes to your office for consultation and you determine if you want to provide treatment

4. We coordinate donated lab and specialty care
5. You see ONE!

"Once Juanita (a DLN patient) had her teeth back, she could not only chew, but was able to start interviewing for jobs. That is what dentistry is all about."

– Dr. Ashleigh Harrison, DLN volunteer dentist in Colorado

"I got my smile back. I got my life back. I can't stop smiling."

– Tim, DLN patient

"The coordinator makes the process easy. We focus on providing treatment to people who truly need it."

– Dr. Donald Dumais, DLN volunteer dentist in New Hampshire
