Mobile-Ready Responsive Websites & Search Engine Optimization

These days, most people go online and compare your dental practice to the local competition. It is important that your website properly represents the quality work you do.

It's easier than you think to have a website that outperforms the competition. We build and host content rich, mobile ready, interactive websites for our clients. Let us show you how.

How do we deliver Digital Domination?

- It's all about the WEBSITE! Websites that produce a lot of quality content win with SEO!
- Unlimited informational HD web videos.
- 24/7 live chat service (virtual receptionist).
- Mobile apps.
- E-books – Become a published author.
- Social media management & blog.
- Tracking and measuring your website's return on investment.

MORE ACCURATE THAN EVER

Powered by a next generation speech engine, Dragon Medical Practice Edition 4 achieves 99% accuracy out-of-the-box without training — significantly outperforming previous versions.

DEEP LEARNING TECHNOLOGY

Through constant learning and adaptation to unique voice and environmental variations—even during dictation — continuously improves performance.

SUPERIOR TRANSCRIPTION

An enhanced transcription process leverages all the accuracy improvements gained from the state-of-the-art engine, while reducing the number of steps required to transcribe audio recordings.

NEWLY DESIGNED DRAGONBAR

With enhanced usability, the new DragonBar provides easy access to popular features. Drag the DragonBar to different locations. When not in use, the DragonBar automatically collapses.
