Live free.
With VenoTrain medical
compression stockings

**WELCOME
TO THE WORLD OF
VENOTRAIN.**

**Finally enjoy a
carefree life again!**

Our medical compression stockings
are the ideal companion for your daily life.

They are colorful and multi-faceted like life.
They improve your well-being and encourage you
to discover new things. With VenoTrain
compression stockings, you can
be truly active – and enjoy life
to the full.

**Into the stockings -
out into life!**

There is much more to compression
therapy than just a suitable stocking.
Healthy nutrition, exercise, skin care,
as well as behavior at work and
when traveling have an impact on
vein health.

WILD BERRY

Enjoy a carefree life with light legs

Discovering vitality

Your life is colorful and vibrant, not just black, white, or beige. That is why VenoTrain medical compression stockings are available in many radiant and lively colors.

Experiencing vitality

Outdoors is the new indoors: because VenoTrain promotes well-being, thus encouraging you to go outside, get active, and experience adventures.

Enjoying vitality

Laughing and meeting friends, experiencing adventures, and making dreams come true: life is full of joy – and VenoTrain reflects this colorful versatility. An indispensable companion!

Vitality in Wild Berry

Excitingly feminine, excitingly different: the VenoTrain Fashion Color WILD BERRY is not just pure joie de vivre for your legs but also an expression of a delightful style.

Vitality in Deep Petrol

Your legs feeling carefree, independent, and light – these sensations are reflected in our new Fashion Color DEEP PETROL.

ENERGIZING STYLE

A slim waist, flat stomach, firm looking effect – the VenoTrain micro offers body-shaping with style.

VenoTrain micro will make your legs look even more beautiful.

Thanks to its smooth knitted fabric, it is exceptionally soft as well as skin-friendly, and it stimulates venous bloodflow, relieves your veins, and creates an beautiful silhouette. Not only does it dazzle with its elegance, but its noticeably pleasant touch also makes you want to get up and be active. It comes as no surprise that this is our most popular compression stocking.

Available sizes*

Perfect-Fit S, M, L, XL

Compression classes

Ccl 1 18 – 21 mmHg,
Ccl 2 23 – 32 mmHg

Material

Ccl 1 65% polyamide,
35% elastane
Ccl 2 55% polyamide,
45% elastane

Care instructions

Versions

Knee-high stocking (AD), thigh-high stocking (AG), pantyhose (AT), maternity pantyhose (ATU)

* For made-to-measure solutions, please contact your medical retailer.

Say goodbye to boredom!

Nice colors are waiting for you. Whether as a uni-colored stocking, in Batik, or the Design Edition – with our VenoTrain micro, you will be ready for any occasion.

Good to know!

We also recommend wearing medical compression stockings, like our VenoTrain micro, during pregnancy. Medical compression stockings will keep your veins in shape and help with blood flow in the legs. Water retention is avoided and swelling reduced, meaning an easier time for your legs during your pregnancy.

LOOK
GOOD AND
FEEL GREAT

MULTI-TALENTED STOCKINGS THAT ARE EASY TO PUT ON

The VenoTrain soft S is an absolute multi-talent!

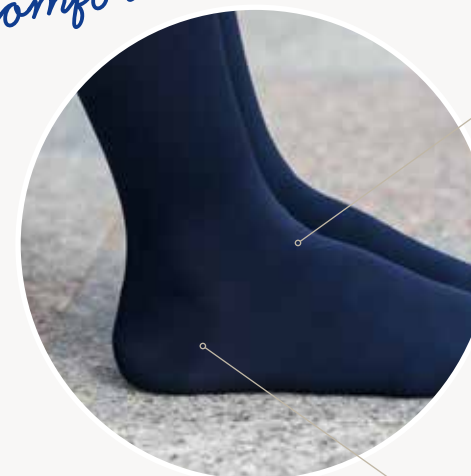

Special product features guarantee ideal freedom for your feet and a comfortable fit, throughout the day! That makes it the perfect stocking for all those who spend a lot of time sitting or standing, after surgery or injuries, as well as in a care situation.

For more product information, please see:
bauerfeind-group.com/venotrain-soft-s

Superior comfort

Reduced knitted fabric in the instep area prevents unpleasant creasing and constriction, thus ensuring ideal comfort for your feet.

The **spacious Easy Heel** at an angle of 90° offers plenty of space and makes putting on the stocking easier.

Available sizes*
 Perfect-Fit XS, S, M, L, XL

Compression classes
 Ccl 1 18 – 21 mmHg,
 Ccl 2 23 – 32 mmHg

Material

 Ccl 2 65% polyamide, 35% elastane

Care instructions

Versions
 Knee-high stocking (AD),
 Thigh-high stocking (AG)

* For made-to-measure solutions, please contact your medical retailer.

POWERFUL EFFECTIVENESS. POWERFUL COLORS.

The VenoTrain impuls ensures powerful and deep support.

A gentle stroll through natural surroundings, a long walk by the sea, or running around outside with the dog: with the VenoTrain impuls, you decide what is possible. Its short-stretch material ensures a soothing compression effect with a high level of therapeutic working pressure, which reduces symptoms of advanced vein problems so you can really get going.

This hard-wearing companion with fine microfiber senses a particularly silky wearing sensation.

Available sizes*

V6+ (I – VI)
Contact your medical retailer for more information about the sizing system.

Compression classes

Ccl 2 23 – 32mmHg
Ccl 3 34 – 46mmHg

Material

Ccl 2 80% polyamide, 20% elastane
Ccl 3 75% polyamide, 25% elastane

Care instructions

Versions

Knee-high stocking (AD),
Thigh-high stocking (AG)

* For other designs and made-to-measure solutions, please contact your medical retailer.

*A brighter
life for everyone!*

The VenoTrain impuls is now also available in the Fashion Colors WILD BERRY and DEEP PETROL. For greater freedom. For greater joie de vivre. For a greater choice. Everyone can have colorful stockings!

WELLNESS FOR YOUR SKIN

The product's perfect fit, supporting skin care, and appropriate care of the compression stockings are of paramount importance for compression therapy to be effective.

A mild care product that absorbs rapidly

Bauerfeind care foam

contains soothing panthenol which is absorbed quickly, improves the appearance of your skin, and preserves its physiological structure.

The resulting protective film makes putting on compression stockings easier and acts like an invisible barrier. It is free from alcohol and phenols, and is therefore also suitable for people with allergies or diabetes.

Intensive care for dry skin

The gentle lotion soothes using chamomile extract and allantoin.

The natural moisture balance of the skin is maintained, thanks to the **VenoTrain lotion**.

The skin can regenerate over night and feels noticeably more nurtured the following day.

THE PERFECT ADDITION FOR EVERYDAY USE

Everyday helpers that make life easier.

Supporting treatment effectively

The **VenoTrain glider** is a compact donning aid for medical compression stockings with open or closed toes as well as arm sleeves. It can be prescribed by a physician.

STEP BY STEP
HOW TO PUT ON
COMPRESSION STOCKINGS CORRECTLY

Easier use

Bauerfeind special gloves help with putting on the compression stockings correctly and smoothing out the knitted fabric.

Lasting protection

Our **special detergent** gently cleans compression stockings, ensures careful treatment of the products, and provides lasting protection.

Protects your stockings in the washing machine

The **Bauerfeind lingerie bag** is the perfect addition to our special detergent. When you use our lingerie bag, your stockings will be effectively protected every time you wash them in the machine.

Gentle care right from the start

With the **care set**, you are not only looking after your legs but also your compression stockings. It includes a selection of different accessory products, such as a nail file, cooling and heating cushions, a sample bottle of VenoTrain lotion, a towel and detergent.

* Only available in
selected countries

ONLY STOCK- INGS THAT FIT PRECISELY ARE EFFECTIVE.

Quality that can be measured – and made to measure

Medical compression stockings can only be fully effective when they fit properly. As a basis for our Perfect-Fit sizing system, we have digitally measured 250,000 legs. The extremely precise fit ensures a high level of wearing comfort. Goodbye pinching and slipping. Hello Perfect-Fit!

By the way, a selection of our standard stockings is already available at your VenoTrain medical retailer. If you are in a great hurry, custom-made stockings with individual adjustments to match your body will even be sent on the same day.
