Defense & Intelligence Award

# Rapidly migrate your Data to the cloud, and provide modern Operations & Management using CloudFit's *ICAC Data Archiving with DOD level security*

## ABOUT CLOUDFIT SOFTWARE LLC:

CloudFit was founded by Microsoft veterans who helped build and run the Cloud while at Microsoft. We have helped migrate thousands of applications to Azure for customers across government and commercial sectors.

Examiners Work Environment-  
How CloudFit can help you change

### WHY SHOULD YOU MOVE YOUR DATA?

- Are you unhappy with your current Storage?
- Is your current storage on tapes/Windows Server?
- Has your storage need become impossible to manage?
- Is your data at risk?
- Do you have appropriate back up storage?
- Are your costs uncontrollable?

- Plug and Play - Automation takes care of encrypting and transferring to the cloud
- You own the security keys. CloudFit never has access to sensitive data
- Secured to DoD security standards with 24x7x365 cloud monitoring to ensure ongoing security compliance, availability and performance
- Elastic Storage – buy what you need today, provision more as needed with the click of a button
- Decrease in administration time to work cases & increase in number of cases that can be worked
- Reduce risk of errors
- Eliminate Technical Debt
- Lowest TCO
- Focus on Core Competency, not I/T Ops
